Dear Valued Customers,

We are pleased to announce that going forward we will be operating our business as “Roopal Products, Inc.” and would like to assure you all an uninterrupted supply and service during this transition.

Since the inception of the corporation in June of 2008, we have been running our business under “*ROOPAL Packaging Inc.*”. Although the name was the most appropriate at the time due to our intention to focus on raw materials used in the packaging ink industries, the name now does not represent us well based on our current business portfolio.

Over the last couple years, we have been presented with enormous opportunities in the Paints and Coating industries. We are excited to announce that our business is now split evenly between the Inks, Paints and Coating industries. Considering our current business distribution and the fantastic new opportunities in other chemical industries that we are currently pursuing, we feel that “Roopal Products, Inc.” is a better representation of our current and future business model.

We now have a new server, business site and email addresses as below. Although the old server and the email addresses will continue to function until the end of 2015, we recommend to use our new email addresses.

Old Business Site: www.roopalpackaging.com

New Business Site: www.roopalproducts.com

Old Email: name@roopalpackaging.com

New Email: name@roopalproducts.com
